

Productivity is our promise

When you choose a Volvo Certified truck, you have our commitment that it's ready to deliver miles of reliable performance. Each one meets and exceeds some of the most demanding standards in the industry for used vehicles.

150-point inspection

A rigorous inspection of all major systems and parts is our first step. Once it passes inspection, each vehicle goes through Volvo Certified reconditioning.

450,000 miles or less

All Volvo Certified trucks are Class 8 with fewer than 450,000 miles.

Four years or newer

Volvo Certified trucks are guaranteed to be no more than four model years old.

DOT safety compliant

All parts and accessories will meet Federal DOT safety criteria.

Volvo Certified Warranty

We cover every truck in the program with a Volvo Certified Warranty for the engine, transmission, turbos and injectors. Our 12-month/125,000 mile warranty comes standard. You can upgrade any Volvo Certified truck to a 24-month/250,000 mile warranty. Additional coverage options are also available.

VOLVO CERTIFIED TRUCKS

SET TO A HIGHER STANDARD

Insist on Volvo Certified

Fuel efficiency, safety, performance and reliability. It's what you expect every time you see the iron mark on the hood. It's what we demand of every truck that earns the title Volvo Certified.

When you see the certified designation, you know you're getting one of the finest pre-owned vehicles available. It's been inspected, reconditioned and comes with the Volvo Certified Warranty.

Volvo Certified is our pledge to stand behind our trucks and your business.
